Attention!

After classes end this spring, Warner Library will implement a new library management system. During the migration there will be some disruption in services.

EZ Borrow/Interlibrary Loan will be inactive from May 15 to May 27. Physical items can not be ordered from lending libraries during this period.

This pause on EZ Borrow physical items will not affect borrowing of ebooks, ejournals or RAPID Interlibrary loan of journal articles. Other borrowing will be available, as well as databases and course reserves.

Please plan ahead in your preparation for summer courses and personal study.

Direct all questions to [Kathy Hecht, Access Services Librarian](#).
