Library Sponsors First EU Earth Day Freestore & Reuse Exchange

Warner Library is proud to sponsor the first annual **EU Earth Day FreeStore & Reuse Exchange** on **Wednesday, April 22, 2026** from **11AM—2PM**.

This event is a one-day, campus-based sustainability program designed to promote reuse, waste reduction and community sharing. The event provides students, faculty and staff an opportunity to give and receive gently used items at no cost. Stop by the Warner Library patio and walkway to “shop” the event!

Want to participate as a “seller”? Register in advance to claim a table using our [Google form](#). Students, staff and faculty are welcome to sign up!

For more information, please see our [EU Earth Day Freestore LibGuide](#).

A Feather in Our Caps: Bird Bingo Run-Down

Our very first Bird Bingo event ended on April 2, just before Easter Break—and succeeded with flying colors, thanks to a total of 31 participants with over a hundred cards picked up and put into play!

Students, faculty and staff were encouraged to stop by the library for a physical bingo card displaying various birds common around the Northeast, from sparrows and geese to cardinals and blue jays. We also had a “hard version” which included rarer bird species to anyone wanting a challenge.

Participants downloaded the [Merlin ID app](#) from Cornell University to identify their birds for bingo. Participants saved the bird to their list within the app and matched the birds on their bingo cards. Those who completed bingo cards won a bird whistle.

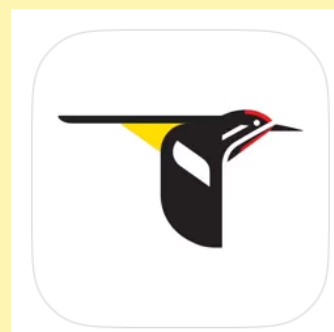

Grand prizes of two bird feeders and one birdsong noise machine were given to three separate winners chosen at random from the completed cards.
