Warner Library Prepares for Safe & Healthy Environment

As the Fall semester quickly approaches, Warner Library is preparing the library space for 'social distancing' for library users.

There are several important changes that users need to be aware of:

CARD KEY ACCESS

- **Anyone** who wishes to enter Warner Library **MUST have an Eastern University E-card**. If you do not have one, please contact the [Service Stop](#).
- Only students, faculty and staff will have access.
- **Visitors will not be able to use the library this semester**. This includes alumni, community and pastors. We apologize for the inconvenience. Our focus is on student, faculty and staff safety.

LIBRARY SPACE ON MAIN AND UPPER LEVELS

- ***There will only be one entrance to the library this fall. Please use Walton entrance to come into the space. Please use the right door to HHC to exit the library. Please do NOT go through the library to get into the HHC building for other purposes.***
- When you come to Warner Library, you will notice that we have defined seating arrangements to encourage physical distancing. Study tables are set up to accommodate one or two people. Tables for 2 will have an acrylic barrier to separate users.

STUDY ROOMS

- Study rooms have been converted to double-occupancy rooms and may be booked for one hour timeslots via the Libcal app.
- Study rooms will be locked when not in use.
- Masks must be worn in study rooms.
- No food and drink allowed in the Study Rooms.
- **THERE WILL BE NO FOOD AND DRINK ALLOWED IN THE LIBRARY**

How can I get a book from Warner without coming to the library?

Simply [click here](#) to access the guide on how to place a hold on a book.

We will pull the book and prepare it for you to pick up or have mailed.

Part of our new service model allows you to request materials and have them mailed to your home address. If you are staying on campus, we offer curbside pickup or you may pick up the materials in the library when we are open.

Here's how!

You can place a hold on books (up to 5 titles) that are available as well as ones that are currently unavailable. When your request has been filled (usually within 24-48 hrs) you will receive an email notification informing you that your requested item(s) are now available for pick up.

Information Literacy for your students!

Contact Laura O'Reilly to schedule a IL Session

“Information literacy is the set of integrated abilities encompassing the reflective discovery of information, the understanding of how information is produced and valued, and the use of information in creating new knowledge and participating ethically in communities of learning.”

Association of College & Research Libraries, a division of the American Library Association. (2015). Framework for Information Literacy for Higher Education. Retrieved from <http://www.ala.org/acrl/standards/ilframework>

Librarians at Warner Library are here to support Information Literacy in the curriculum, and to provide instructional services including in-person presentations, Zoom classes, and individual consultations. All of our instructional materials and presentations have, at their foundation, the **ACRL (Association of College & Research Libraries) [Framework for Information Literacy for Higher Education](#)**.

A few examples of what we offer include:

- **Custom Research Guides** to support a specific course, general topic guides for departments, and subject guides that are applicable to all disciplines (e.g. citations, annotation, etc.)
- **Assignment consultation:** We collaborate with faculty to identify research skills and help create student activities that scaffold the learning process. During a consultation we will also **review assignments to ensure that the library has the necessary resources and materials for students to complete assignments.**
- **Research consultation:** We encourage students to [book a research consultation appointment](#). Additionally, instructors can recommend or require that students meet with a Librarian. Meetings can take place in-person or online using Zoom.
- **Information Literacy Direct Instruction:** We are happy to join your class for one or more sessions as a means to develop information literacy skills and concepts. Students, often, learn best by “doing” and within the context of a specific goal. The classroom, as a community of learning, is the ideal place to discuss, explore and discover tools and methods that will help your students grow as scholars and citizens.

To schedule a Library Instruction session for your class or to discuss other services, please contact [Laura O'Reilly](#), Access Services Librarian at Warner Memorial Library.
