New Ebooks and Audiobooks in OverDrive—Requested by YOU!

Late September 2023, the library held a survey amongst the Eastern student body, asking about the kinds of leisure reading ebooks and audiobooks they'd like to see added to the digital collection. Well, the results are in, and the library has purchased **43 ebooks and 18 audiobooks in OverDrive** based off of your suggestions!

Overwhelmingly, the types of ebooks most requested were young adult fiction and self-help and self-improvement titles. We also received a number of requests for romance, fantasy and mystery novels, as well as specific young adult series. Most students were interested in having ebooks only, but a majority wanted both formats; our audiobook selection was determined by popularity, award winners and famous or talented narrators.

Below are some covers of just a few of the new titles added. You can find all of them, plus our other available titles, in the [OverDrive database](#). Please email any questions you have to [Chelsea Post, Systems Librarian](#). Finally, a big thanks to all those who participated in the survey—stay tuned for more in the future!
